

"CLEAN ENERGY THAT WON'T COST YOU DIAMONDS!"

Direct offset
between
customer &
generator

- Direct alignment between "as produced," and "as consumed," electricity
- Long term supply of energy at either wholesale or fixed prices
- Show your community where your electricity comes from

Reduce
your energy
costs

- Unique & innovative solutions to control your cost
- Use your very own local generation
- Expandable platform for both small and large site, includes multiple generation and storage

Substantiate
your mandated
RET & Scope 2,
emissions

- Long term secure supply of LGC's direct from a generator
- Marketable relationships with a renewable energy generator
