

## ***Avoid negative wholesale prices and pitfalls\****

Be ahead of  
the market  
and save

- Position your generator to act quickly and avoid negative prices
- Get notified of system under-performance
- Safeguard against market volatility and competing generation bids

The key  
benefits

- Minimise your generation during negative wholesale price and FCAS events
- Your own Set Points
- Any system issues can be quickly identified
- No additional cost

What do I  
need to do?

- Read our Case Studies
- Contact Diamond Energy
- Ask for our help and our simulator

[customerservice@diamondenergy.com.au](mailto:customerservice@diamondenergy.com.au) (att: Generation Team)

## ***Avoid negative wholesale prices and pitfalls\****

Maximise  
profitable  
production

- You simply nominate 6 set points for each of the 6x5 minute periods in AEMO's trading interval
- We help you manage AEMO non-conformances and FCAS charges
- We deliver you a long term value solution

How does  
GEM work?

- Your generator is aligned to RRP, FCAS and your contracts
- Co-optimised with FCAS
- Ask for our Set Point Simulator

Why Diamond  
Energy?

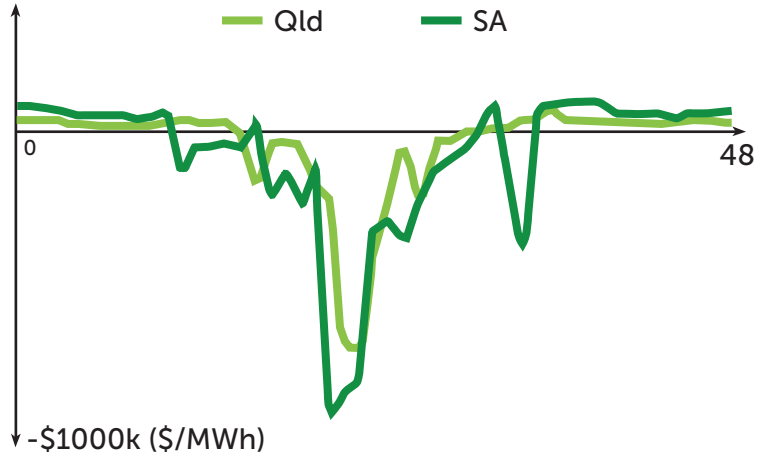

- Australian based renewable energy generation and retail electricity company
- Unique innovative offers
- Offering a strategic solution for semi and non-scheduled generation
