Market Contract Details - Small Business - Ausgrid

Electricity charges for the Ausgrid distribution network applicable from 1 July 2025 are shown below.

Diamond Energy has one set of rates for each type of tariff. Generally, when you transfer to us, we will apply the rate structure for the single rate or time of use tariff that corresponds with your underlying network tariff. If you would like to discuss your options, please contact us.

The following rates apply for small business customers, being consumers for whom the electricity is not principally for personal, household or domestic use, the supply is, or will be, at a rate of less than 10 MWh a year and the price for supply does not include a controlled load tariff or flexible tariff.

SINGLE RATE	RATE Incl. GST
Daily supply charge	2.0240 \$/day
All day rate	0.4089 \$/kWh
CONTROLLED LOAD 1	RATE Incl. GST
All usage	0.1793 \$/kWh
CONTROLLED LOAD 2 ²	RATE Incl. GST
All usage	0.1793 \$/kWh

Based on our electricity prices effective from 1 July 2025, a representative small business customer on the single rate using 10,000 kWh/year in the Ausgrid network, without a controlled load, would pay an annual amount that is 3% below the Reference Price*.

With our Pay on Time Discount of 2%, if you pay on time and receive bills by email, you will be a further 2% below the Reference Price.

So, with the Pay on Time conditional discount of 2%, available if you pay on time and receive bills by email, and based on a representative small business customer using 10,000 kWh/year on the single rate in the Ausgrid network, without a controlled load, the lowest possible annual price is **\$4,731** incl. GST. The actual amount you pay each year on your electricity bill will differ to the Reference Price and will be based on your usage.

TIME OF USE (T53)	RATE Incl. GST
Daily supply charge	2.7042 \$/day
Peak rate 2pm - 8pm business days, first 500 kWh per calendar month	0.6527 \$/kWh
Peak rate 2pm - 8pm business days, balance kWh per calendar month	0.7196 \$/kWh
Shoulder rate 7am - 2pm and 8pm - 10pm business days, 7am - 10pm weekends and public holidays	0.3306 \$/kWh
Off-peak rate All other times	0.2402 \$/kWh
TIME OF USE DEMAND (T53) ³	RATE Incl. GST
Daily supply charge	11.0801 \$/day
Peak rate 2pm - 8pm business days	0.4356 \$/kWh
Shoulder rate 7am - 2pm and 8pm - 10pm business days, 7am - 10pm weekends	0.3794 \$/kWh
Off-peak rate All other times	0.2527 \$/kWh
Demand charge	0.4436 \$/kWh/day
CONTROLLED LOAD 1 ¹	RATE Incl. GST
All usage	0.1793 \$/kWh
CONTROLLED LOAD 2 ²	RATE Incl. GST
All usage	0.1793 \$/kWh

SOLAR FEED-IN	RATE
Diamond Energy Standard Feed-in Rate	0.030 \$/kWh

DISCOUNTS	RATE
Pay on Time Conditional, on paying on time and receiving bills by email	2 %

GREENPOWER OPTIONS	RATE Incl. GST
100%	0.0550 \$/kWh
50%	0.0275 \$/kWh

Eligibility and hours of operation of controlled load are as set by your Distributor.

1 Controlled load 1 is applicable for 6 hours between 10pm - 7am.

2 Controlled load 2 is applicable for 16 hours (6+ hours between 8pm - 7am & 4+ hours between 7am - 5pm).

3 COMMS meter (interval only). Additional COMMS meter charge may apply for sites with T3 or T4 metering.

Basic Plan Information containing key details of the plan are available on our website at www.diamondenergy.com.au and will be provided upon request. These are our rates for small business customers that have a small business classification by Ausgrid. If we find that an alternative customer classification applies, the corresponding customer rates will apply. Offer ID's: Single rate (DIA786905MBE3), Two rate: single rate with controlled load (DIA933824MBE1, DIA786933MBE3, DIA933822MBE1), Time of use (DIA786895MBE3) and Time of use with controlled load (DIA933828MBE1, DIA933826MBE1, DIA786879MBE3)

Full terms and conditions and Basic Plan Information are available at www.diamondenergy.com.au

Effective from: 1/7/2025

Discounts available

Everyday Renewable Saver

Ongoing agreement with ongoing benefits

ELECTRICITY TARIFFS

SINGLE RATE

You will be charged the same rate for electricity you use at all times of the day.

TIME OF USE

You will be charged different electricity rates depending on the time of day you are using electricity.

SOLAR FEED-IN

Our Diamond Energy Standard Feed-in Rate is **3.0 cents/kWh** for solar-PV systems up to 10kW or as otherwise agreed.

DISCOUNTS

Our discounts apply to the daily supply charge and usage rates. If you have solar, we will discount your charges but not reduce your solar feed in credits.

PAY ON TIME

2% discount is conditional where full payment is received by the due date and you are receiving your bill via email (only). The pay on time discount may appear as a credit on your next bill.

BILLING AND PAYMENTS

Billing is typically quarterly. If you have a smart meter, you can contact us to see if your meter can enable us to bill you monthly.

Payment options include electronic funds transfer (from bank account or credit card), BPay, by cheque, online via credit card or in person at any National Australia Bank branch.

You can also set up bill smoothing to help manage your budget by making weekly, fortnightly or monthly instalments.

FEES (incl. GST)

Credit card payment processing fee	0.60%
Dishonoured payment fee (cheque)	\$20
Dishonoured payment fee (direct debit)	\$10
Late payment fee	\$15

Other fees may apply including, meter special reads, meter installation, meter reconfiguration, re-energisation and de-energisation.

VARIATIONS

We may vary the charges, discounts, solar feed-in rates and our [Terms and Conditions](#) from time to time. We will notify you prior to any changes.

COOLING OFF PERIOD

A cooling off period of 10 days applies. You can cancel during this period without penalty by sending an email or giving us a call.

We deliver more electricity sourced from renewables to the grid than our customers consume

GLOSSARY

Daily supply charge: a charge that applies for supplying electricity to your property for each day of the billing period, regardless of how much electricity you use.

kWh: a 'kWh' stands for kilowatt hour and is the unit of measurement for your electricity usage.

Controlled load: is an appliance connected to a separate circuit, normally a hot water system, slab heating or a pool pump, and is metered and runs on a timer set by your distributor.

Distributor: Your distributor is the company who owns all the poles and electricity wires, making it possible to deliver electricity to your home.

*Reference Price

Electricity plans must be compared to a Reference Price set each year by the Australian Energy Regulator (AER) to make it easier to compare energy plans across the market in each distribution region for which the AER sets such a Reference Price. The Reference Price for each distribution region is calculated based on the annual usage of a broadly representative customer of a particular type in this region and does not include conditional discounts, solar feed-in credits, concessions / rebates or other fees. Your actual energy bill may be significantly different and will depend on your actual electricity usage, when you use electricity and if you have solar.

Effective from: 1/7/2025
